Location descriptions

Pirovac

The nice little place Pirovac is surrounded by picturesque beaches and offers a good infrastructure. There are numerous sights in the village,

such as the ruins of the old city wall, a former Franciscan monastery and various sacred buildings.

KAPRIJE, KAKAN

The island of Kaprije, located in the middle of the archipelago off Sibenik, has a particularly bay-rich coast, on which several beaches invite you to swim. In the bay of Nozdra on the southeast. Zipfl is a good place to stay and there is a good tavern.

From there there is also a 15 min. Footpath to the small port town of Kaprije with all shops. The neighboring island of Kakan is uninhabited and also has many beautiful bays.

Zakan

Wonderful quiet little island, located in the middle of the Kornati Islands, in a small bay you moor on the hotel's own jetty. A small island with 2 restaurants,

Bathing beach, beach volleyball court, boccia, fitness center on the beach.

Marina Piskera

Piškerica Island is an uninhabited island in the Croatian part of the Adriatic Sea. The highest point is at an altitude of 127m above sea level. The ACI Marina is the one

only trace of civilization that can be seen in the untouched nature. The island is surrounded by a mosaic of islands and rocks and lighthouses

National park Telascica

The Telascica Nature Park is located in the extreme south of the island of Dugi Otok and stretches for 10 km. The north-east bank of Telascica Bay is mostly bare, while in the south-west pine, olive and fig trees grow.

The Telascica is one of the largest and most beautiful bays on the Croatian coast. The steep cliffs, which rise up to a height of 166 m and protect the bay towards the sea, are very impressive.

DUGI OTOK Island location Sali

Sali on the east coast of Dugi Otok is an idyllic island town with many restaurants and a particularly nice music bar for nightlife.

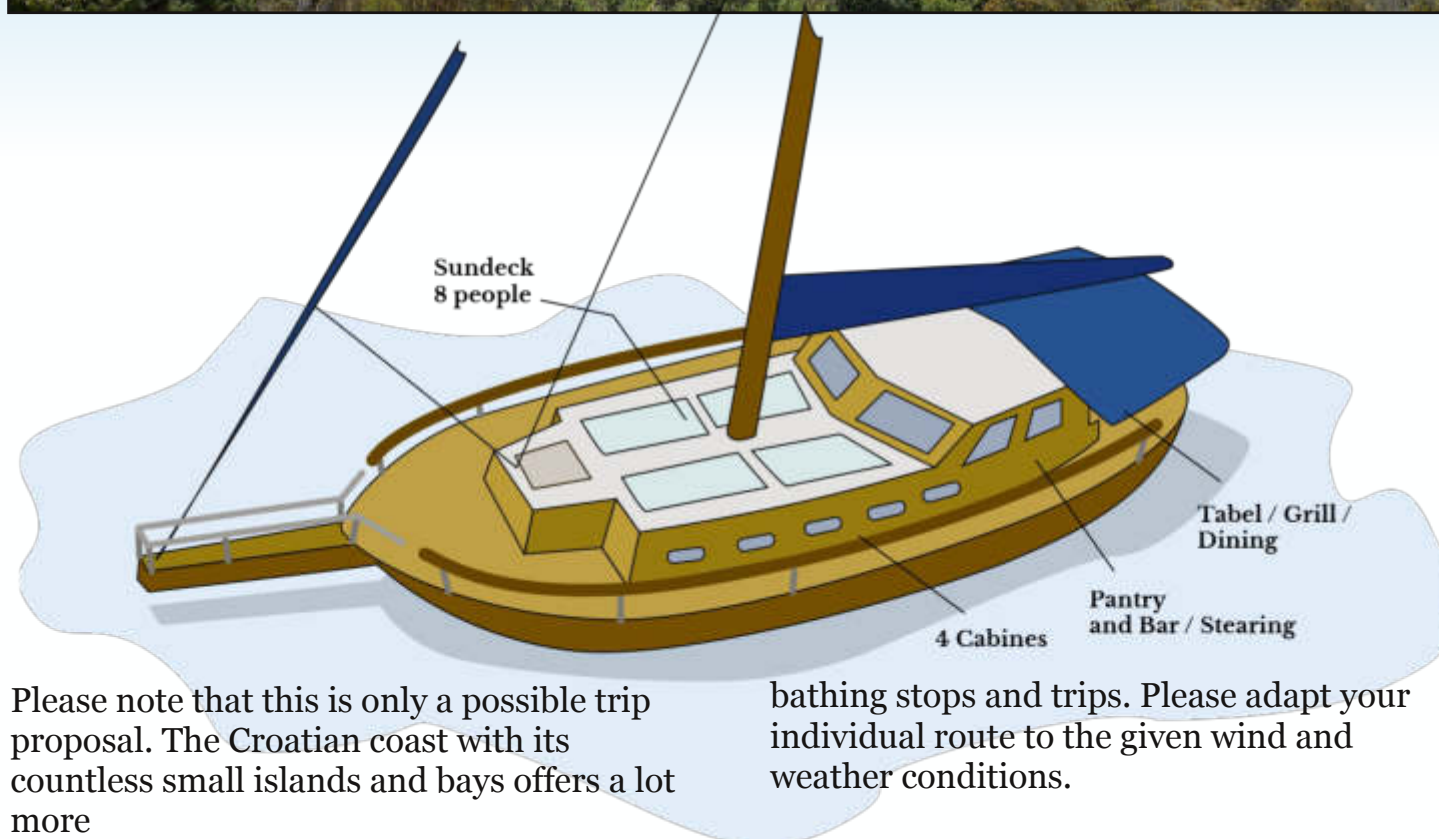

The name Sali comes from the salt pans from which the precious sea salt was previously extracted.

Please note that this is only a possible trip proposal. The Croatian coast with its countless small islands and bays offers a lot more
