

Azimut Grande 27 METRI

EXCLUSIVE CHARTER IN CROATIA

Unique concept wide body 27 Metri megayacht creates perfect harmony between flowing lines and unparalleled volumes for the segment. The use of carbon fiber made it possible to offer a unique layout with up to 5 cabins and the owner's suite on maindeck.

The vertical bow and the big full-height windows, which rise from the hull and extend up into the superstructure, give the boat a sporty, edgy character and are its signature features.
