

ADDING VALUE OVER THE COURSE OF TIME

## ADDING VALUE OVER THE COURSE OF TIME

When you are on top of the ultra-modern flybridge of the FX 38, you will no doubt be the centre of attention as all eyes turn to you in awe of the power you're about to command.

The FX 38 is one of the most complete yachts in her class yet her speed performance is exceptionally inspiring. With her voluptuous elegant lines she continues to allure and enthrall whilst anchored. This yacht will be your home away from home, an indispensable part of your life and your preferred abode for hosting exclusive guests.

Every inch of the FX 38 has been designed with comfort in mind, the spacious external sofas, the spa pool, the wet bar and the dinning area are enchanting at all times of the day, ready to be enjoyed from sunrise to sunset. The colours will be according to your taste including the specially custom-designed hardtop.

The lavish interior consists of lacquer panelling and buffalo leather to a standard of craftsmanship beyond comparison. The essence of contemporary design and extravagance continues both in the saloon and the staterooms. The fullbeam master suite also features it's own office.
